linkedin.com/in/rio-edwards

Frontend engineer building accessible, polished interfaces with React, Next.js, and TypeScript, with production delivery in both startup and compliance-heavy settings.

EXPERIENCE

Co-founder & Software Engineer, Experiential — *Jul 2024 - Nov 2025*

CRM Document Manager, *TypeScript, React, Express, Node.js, GCP*

Built a HIPAA-compliant HubSpot document workflow in 5 weeks for a 30+ lawyer team, using JWT auth, audit logging, and rollback safeguards.

Ohm on the Range Website, *Next.js, React, TypeScript, Tailwind CSS, Figma, Vercel*

Redesigned and launched a festival website in 2 weeks, achieving near-perfect Lighthouse performance and 3,000+ unique visitors in the first month.

Code for PDX, *React, JavaScript, TDD, CI/CD*

Built and maintained dozens of accessible, responsive React components for a civic-tech platform while contributing to agile delivery and CI/TDD practices.

Cohort Instructional Lead, Code the Dream — *Jan 2024 - Jun 2025*

Led 200+ students through JavaScript and React, translating complex concepts into maintainable coding patterns and high-quality review practices.

DogTown (dogtown.dog), personal project — *Jun 2024*

Production photo-sharing app, self-hosted on a Raspberry Pi with CI/CD and observability.

Built and operated a self-hosted production photo-sharing app with AI upload moderation, CI/CD automation, and live observability dashboards.

Next.js, React, TypeScript, Node.js, Hono, Postgres/Drizzle, NextAuth, shadcn/ui, Tailwind CSS, Docker Compose, Cloudflare Tunnel, GitHub Actions, Python, FastAPI, PyTorch, Umami, SSE

SKILLS
